

**REMARKS**

For the reasons given below, it is respectfully requested that the amendment be entered under 37 C.F.R. § 1.312.

The amendment to the title corrects a spelling error in the title as indicated on the Notice of Allowance and Issue Fee(s) Due mailed October 7, 2004. The title was amended by the Examiner with the Notice of Allowability mailed October 7, 2004. However, the word "CAPTURING" is misspelled in the amended title of the Notice of Allowability.

The amendment to the specification adds the previously missing priority information to the specification and restores a sentence deleted by the Examiner's Amendment, which was entered without authorization in the Notice of Allowance mailed October 7, 2004.

Pursuant to the discussion in M.P.E.P. § 714.16, the amendment corrects formal matters in the specification. The claims are not amended. The amendment is needed for proper recitation of the invention. Further, because the amendment is editorial, no additional search or examination is required. The amendment was not presented earlier because the Examiner changed the title and deleted the previous statement with the Examiner's Amendment. Hence, it is respectfully requested that the amendment be entered and that the application be passed to issuance.
